The average salary amounted to \in 411 in 9 months period of 2015, which is by \in 70 less than in 9 months of 2014.

Significant events. Market tendencies and development of the company. Risks.

The Management Board described significant events, market trends, social development processes and risks, as well as other relevant circumstances and factors that influence these processes, in Company's Annual statement 2014 and in the interim financial report for the first 6 months of 2015.

All the conditions and factors mentioned before remained relevant for Company's operating results in the 3rd quarter 2015, and unfortunately, response to expectations of Management Board. These aspects maintain the Company's integration into the EU, the CIS and other markets of the joint economic area; as well, supply-and-demand forecast on goods and services, enclosing Company's products as its` components.

According to the Company's forecasts, which are given regularly by Management Board since 2010, there are such factors as "a second wave of the crisis", which changed the consumption system, demand for driving chains, and their manufacturing in general. 2014 and the second half of 2015 are affected by commonly known events, bilateral sanctions, the Customs Union (Russia) and Ukraine's internal market crises as well (this market fall reduced Company's sales by 52.7%).

For more information on the position of driving chains on the market, Management Board intends to provide in the Management report to Company's Annual statement 2015.
